The measure of the standardised deposit interest ratio ("EBKM") as defined in Government Decree No. 82/2010 (III.25.)—which ratio must be used for current account interests as well according to the said Government Decree—is included in the relevant bank account agreement.

22. In case of financial institutions, payment service providers, investment companies, investment management companies and investment funds not subject to the Law n° CXVI of 2012 on the financial transaction tax, the financial transaction tax (the 0.3 % maximum HUF 10,000 and the 0.6 %, maximum HUF 3,000,000 fee element added to the original fare indicated in percentage) - as a part of the transaction fees published in this List of Terms and Conditions - is not charged.

23. The Bank shall solely process SEPA Credit Transfer in case of meeting all the requirements listed below otherwise the payment shall be rejected.

- currency of the payment denominated in Euro
- correctness of the beneficiary's IBAN
- shared charges (SHA)
- SEPA membership of the beneficiary bank (or accessibility through SEPA network)

In case all the above mentioned requirements excluding solely the last one are fulfilled, and unless the Customer is informed otherwise, the Bank shall execute the payment as non-SEPA transaction.

24. If the amount of a SEPA credit transfer with conversion is given in the currency of the credited account – different from EUR –, than the credit transfer can not be extra urgent.

For any services which are not included in the given account package, Customers using an Account Package shall pay the fees set out in the Corporate List of Terms & Conditions from time to time in effect.

25. The SEPA DD Core direct debits are executed according to the instructions about restrictions, on the first workday after the day of receipt of the instructions, including the SEPA DD Core direct debits if the day of execution is on that first working day. The Bank accepts instructions about SEPA DD Core direct debit restrictions from 3rd October 2016.

26. A paid SEPA DD Core direct debit can be refunded without examination within 8 week after the execution of the direct debit (56 days not including the day of the execution) until the last banking working day.

27. In case private entrepreneurs, small-scale farmers, private individuals with tax number or other independent private entrepreneurs initiate in-bank transfer, standing payment order with fixed amount, multiple payment order, SEPA credit transfer or payment in foreign currencies to their own in-bank retail bank, Credit card, Bank or Securities account maintained as a retail customer, the 0.3%, max HUF 10,000 part of the fee does not apply, despite being listed in the full fee. This provision shall apply retroactively as of 1 January 2017.

28. Transfer with preferential fees

Due to changes in the Bank's costs related to the modification of act CXVI of 2012. on financial transaction duty, the Bank applies preferential fees for the following transfers:

- As of 01.12.2018 the bank will not charge the "0.3%, max HUF 10,000" part of the outgoing transfer fee determined in percentage in case of transfers where the beneficiary account is a limited use payment account belonging to Széchenyi Pihenő Card.

- Effective as of 01/01/2019 in case of all one-time and standing credit transfers other than those that are free of charge or have a fee of HUF 0, initiated by natural persons (not including private entrepreneurs):

According to the Act LXXXV of 2009 on the Pursuit of the Business of Payment Services (Pft.) 36/E. § - within the scope of this provision - the Bank does not charge a fee in the case of an electronic transfer initiated by payment request by individuals with tax number.

In connection with the modification of Act CXVI of 2012 on the Financial Transaction Duty, in the case of the private individuals with tax number and the small-scale agricultural producers the Bank does not charge a fee equal to the amount of the financial transaction tax - 0.3%, max HUF 10,000 - from the fee of electronic transfer initiated by a payment request.

In contrast to this, the Bank:

in the case of private individuals with tax number the "0.3% max. HUF 10,000" part of the fee from the electronic transfers initiated by payment request between 24.11.2022 and 31.12.2022, while in the case of transactions completed from 01.01.2023, the entire fee charged will be subsequently credited to the bank account on which the transaction was carried out,

in the case of small-scale agricultural producers, „0.3%, HUF 10,000” part of the fee will be credited to the bank account from the electronic transfers initiated by payment request completed from 24.11.2022.

29. Transfers initiated via Payment Initiation Service Providers.

In case of payment transactions initiated through a payment initiation service provider the fees applied on electronic channels (Raiffeisen DirektNet, myRaiffeisen, Raiffeisen Electra, MultiCash, in case of expanding to corporate customers myRaiffeisen) used by the customer will be debited.

30. The bank rejects the crediting or reception of HUF transfers and in-house transfer between the customer's own accounts where the beneficiary account is denominated in foreign currency below HUF 5 and the crediting of interbank incoming HUF transfers below HUF 5 as ungrantable transactions with too low amount.

31. Starting from 15 December 2019, the Bank shows the fee charged for a currency conversion service related to a cross-border credit transfer in euro (SEPA credit transfer) initiated by the Customer or incoming to the credit of the Customer's payment account kept at the Bank, as well as the fee that might be charged for urgent/extra urgent performance in the case of a cross-border SEPA credit transfer initiated by the Customer, separately—breaking up the lump-sum transaction fee applied previously—and discloses these fees in the List of Terms & Conditions as separate fee elements additional to the transfer fee of the credit transfer as a basic fee. It is a further change that as of 15 December 2019 a distinction is made between the different transfer fees (i.e. basic fees) of cross-border SEPA credit transfers initiated by the Customer according to transaction channels as well, adjusted to domestic HUF credit transfers. The breakup of the transaction fee of cross-border SEPA credit transfers as above does not result in any detrimental change (fee increase) for the Customers, its sole purpose being to give more transparent information to the Customers and to ensure compliance with Regulation (EC) No 924/2009 on certain charges on cross-border payments in the Union and currency conversion charges. Therefore the transaction fee of cross-border SEPA credit transfers equals the sum total of the basic fee relevant to the channel used by the Customer and the additional conversion fee that may be charged—depending on the

order type—in the case of a conversion service, or the urgency or extra urgency fee optionally charged in the case of urgent/extra urgent performance.

32. With a view to compliance with Regulation (EC) No 924/2009, starting from 19 April 2020 the fees charged for all foreign currency credit transfers will be broken up into their constituents, and where applicable the fees of the currency conversion service connected to the transfer and of urgent / extra urgent performance will be shown as separate fee elements in addition to the transfer fee (basic fee). Therefore the transaction fee of foreign currency credit transfers equals the sum of the basic fee relevant to the channel used by the Customer and—depending on the order type—any additional conversion fee that will be charged in the case of a conversion service, and/or the urgency or extra urgency fee charged in the case of urgent/extra urgent performance.
33. Meeting its obligation set out in Regulation (EC) No 924/2009, starting from 19 April 2020 in the case of foreign currency credit transfers involving currency conversion and started from the Bank's website or from the mobile app, before the approval of the financial transaction the Bank shall inform the Customer via the given channel of the total estimated amount of the credit transfer in the currency of the payment account to be debited, including all transaction fees and conversion fees. If the Customer enters the amount of the foreign currency credit transfer (involving conversion) in the currency of the payment account to be debited, the Bank shall inform the Customer of the estimated amount to be transferred to the beneficiary in the currency of performance. It shall be the responsibility of the Customer to view prior to the approval of the payment transaction the above information provided by the Bank via the given channel.

⁷⁴Should any time after the date of 1st November 2010 the inbound turnover in the Customer's account fall short of HUF 10 million in any given month, the monthly fee of the account keeping package shall be HUF 15,045 for the relevant month. Until the above date, the monthly fee of the account keeping package shall be uniformly HUF 5,015, irrespective of inbound turnover.

For the purposes of the foregoing, all payment transactions incoming from within the Bank and from outside the Bank shall qualify as inbound turnover—except for payment transactions coming from the other accounts kept by the Customer at Raiffeisen Bank—as well as any cash deposits effected at the Bank's cash desks to the Customer's account. The Bank has checks on the primary HUF account for incoming transfers, and charges a monthly account management fee of HUF 5,015 for each sub-account irrespective of actual transfers to it. When a Client's primary HUF account is closed for whatever reason, the Bank will check incoming transfers to the sub-account which is considered, out of the remaining HUF sub-accounts, to be the next in succession by its account number. Should the amount of transfers to this sub-account of the Client fail to reach HUF 10 million in any calendar month, a monthly fee of HUF 15,045 is payable for the account management package for the sub-account in question in that particular month

APPENDIX NO. 3.

Rules of Procedure of NBH's VIBER (Real-Time Gross Settlement System) Service

Rule No. 1:

If the remitting bank has accepted a payment order from the customer to be executed on the same day, it shall forward the order within 2 hours, not later than the cut-off time stipulated by NBH for the acceptance of VIBER customer payments, and provide sufficient funds for the transaction. If a VIBER payment order has been accepted before VIBER opening hours, the 2-hour processing time shall be counted from the opening of VIBER operating hours.

Rule No. 2:

In the case of customer payment orders to be executed on a specified value date, the VIBER member must provide sufficient funds on the value date within 2 hours from the opening hour.

Rule No. 3:

VIBER members must credit HUF orders coming from VIBER immediately to the customer's account, within 2 hours from receipt at the latest, as monies received on the relevant day, so that the incoming amount shall provide funds for the customer's transfer orders concerning the same day. Should an order arrive after the prevailing cut-off time of VIBER customer items, the VIBER member must nevertheless credit such orders on that day, by the deadline specified in effective laws concerning payments (pursuant to the rules of the Interbank Clearing System operated by GIRO Settlement Ltd.).

Rule No. 4:

Should the VIBER member be unable to credit an order coming from VIBER due to any particular mistake (e.g.: wrong bank account number), such order must be returned to the remitting bank through VIBER—with a standard message and supplied with the adequate, standardised error code—possibly on the same day, not later than one and a half hours from VIBER opening time on the following banking day.

Rule No. 5:

Receiving VIBER members are prohibited from modifying incoming orders before crediting them to the customer's account. Should the remitting bank ask an order to be returned due to technical problems (e.g.: double sending) prior to crediting, the receiving VIBER member shall return it with a standardised error code on the basis of the remitting bank's advise, against the remitting bank's simultaneous written confirmation (including transaction details that make it possible to identify the wrong transaction beyond doubt). If the customer's account has already been credited, the receiving VIBER member shall immediately start discussions with the customer based on the remitting VIBER member's advise in order to have the item—credited due to the sender's fault—returned as soon as possible. The receiving VIBER member may not, however, modify the original payment order even in such case.
